

IRC Leased Equipment Late Returns Policy

If you are renting an IRC system, to avoid late fees, equipment must be returned and received to IRC, 18051 Irvine Blvd., Tustin CA 92780 postmarked no later than the 1st Wednesday after the close of the sporting event.

Units received at IRC's Tustin office postmarked later than the 1st Wednesday after the close of the event will be charged additional weekly rental fees for the week up to each Friday after the event in the amount of the maximum lease fee for the unit - \$275.00 (Two Hundred and Seventy Five US Dollars) for the IriTrack system and \$250.00 (Two Hundred and Fifty US Dollars) for E-Track system.

Additional rental fees will be applied for all accessory equipment rented for the sporting event and are applied in same manor as tracking devices.

Unpaid rental fees may also impact on your future leasing of equipment for alternative sporting events.

In the absence of IRC being unable to collect fees, the unpaid amount will remain outstanding until paid and may also further result in your requirement to provide a refundable deposit of a sum equal to the replacement cost of all leased equipment in addition to the normal lease costs when you next require equipment from IRC. The deposit will be applied to persons with a history of late returned items and to persons not responding to requests for equipment to be returned in a timely manner.

Alternatively IRC may refuse further leasing equipment under any condition and may also take legal action.

In this way IRC will continue to deliver the best service to you.

Thank you for your co-operation.
